Spatter Protection Range for Metal Surfaces

CalGuard Anti-Spatter Spray

Water Based Spatter Protection

	Item Code	Packaging
• Non-toxic	1400/400	400ml x 12 Aerosol
• Water-based and silicone free	1400/28	750ml x 12
• Environmentally friendly and ozone safe	1400/42	5L x 4
• Easy clean-up for painting preparation	1400/51	20L
• Non-flammable, CFC free aerosol	1400/64	200L
• Biodegradable, easy waste disposal		
• For MIG & electrode welding		
• Available in trigger pack, aerosols and bulk packaging		

CalGuard Nozzle Dip Gel

Prevents Spatter Adhering to Sensitive Components

- Non toxic and user friendly
- Ready to use without any mixing
- Controlled usage allowing for no wastage
- Silicone free - paintable
- Biodegradable
- Designed to increase life cycles of welding torch components
- Ideal for steel, aluminium and alloys

Item Code	Packaging
1460/400	400g x 12 units

S-Weld Spatter Guard

Anti-Spatter Aerosol

- Protection for interior and exterior of MIG nozzles & Electrode welding
- Uniform spray with no air bubbles
- Non-flammable, making it workshop safe
- Provides base metal protection and can be used in all areas
- Contains no silicones which enables no painting or powder coating problems
- Reduces post weld clean-up
- Increases life cycle of welding torch components
- Proven Australian formulation

Item Code	Packaging
1450/454	454g x 12 units
